

CHRONOLOGY

1985

9th Strategic Reconnaissance Wing

JANUARY

DATE EVENT

- - The 9 SRW received the Air Force Outstanding Unit Award for the period 1 July to 30 June 1984.¹
- 2 - Detachment 2 relinquished Building 712 at Osan AB, Korea, to the Base Billeting Office. The facility had previously been used to house temporary duty people assigned to the Detachment. The change became necessary due to the scheduled demolition of the building in July 1985.²
- 2 - Chief Master Sergeant Joseph A. L. Arel took over as Wing Senior Enlisted Advisor.³
- 3 - Wing officials conducted a major accident response exercise. Overall rating - Satisfactory.⁴
- 4 - A KC-135Q tanker had a flight incident in the local traffic pattern when it encountered several birds (starlings). The birds struck the number two engine ring causing damage.⁵
- 7-11 - Chief Master Sergeant Jan C. Boyd, SAC Senior Enlisted Advisor, toured the base.⁶
- 14 - A U-2R aircraft experienced a flameout while in a descent to landing. The engine was restored inflight and the aircraft made an uneventful landing.
- 14-18 - The 14th Air Division conducted a Staff Assistance Visit to the Wing.⁸
- 24-25 - General Bennie Davis, Commander-in-Chief, SAC, completed a two day visit of the Wing. Including tours of the maintenance and intelligence complexes.⁹
- 28 - Colonel David H. Pinsky assumed command of the 9SRW. Colonel Robert B. McConnell, former 9SRW Deputy Commander for Intelligence, assumed duty as 9SRW Vice Commander on the same day. Lieutenant Colonel Edwin Siers became the acting Deputy Commander for Intelligence.¹⁰

CHRONOLOGY (Cont)

JANUARY

- | <u>DATE</u> | <u>EVENT</u> |
|-------------|---|
| 29 | - A Beale SR-71A aircraft had foreign object damage (FOD) to the number one engine. During a post-flight inspection, a maintenance team discovered damage to the first stage compressor blades. ¹¹ The crew did not experience flying problems inflight. |
| 31 | - A U-2CT trainer went off the runway at Beale due to tail wheel material failure. Minor damage occurred. ¹² |

FEBRUARY

- | | |
|-------|---|
| -- | - The Blue Ribbon ¹³ Panel completed its investigation of recent U-2/TR-1 accidents. |
| 4 | - The contractor remained approximately 14 weeks behind schedule on the block renovation of the living quarters at Detachment 3, Akrotiri SBA, Cyprus. Progress on the Operations and Administration Building remained dormant because of incompleteness of the interior. ¹⁴ |
| 5 | - A T-38 jet aircraft assigned to Beale experienced a flame-out of its number one engine shortly after normal engine start. The mission was aborted. ¹⁵ |
| 6 | - Wing officials conducted a major accident response exercise. Overall rating - Satisfactory. ¹⁶ |
| 8 | - A Beale T-38A aircraft was on a touch-and-go landing when it experienced a compression stall on the number two engine. Inspection ¹⁷ revealed damage to the compressor due to bird ingestion. |
| 10 | - Brigadier General Keith Nelson, SAC Staff Judge Advocate, came to Beale. The General ¹⁸ received an orientation briefing on the 9SRW legal program. |
| 11 | - A TR-1B aircraft deployed ¹⁹ to RAF Alconbury, United Kingdom, via a Busy Relay Sortie. |
| 14-15 | - Chief Master Sergeant of the Air Force, Sam E. Parish, visited the 9SRW. He spoke with people about present Air Force policies and initiatives. ²⁰ |

CHRONOLOGY (Cont)

FEBRUARY

<u>DATE</u>	<u>EVENT</u>
-------------	--------------

- | | |
|----|---|
| 18 | - Base officials discovered a leaking fuel line near the Lockheed Gate. The incident did not require reporting under current environmental or regulatory agency criteria. ²¹ |
| 21 | General James E. Light, Fifteenth Air Force Commander, announced that the 9SRW Safety Office had won the Fifteenth Air Force Safety Award for 1984. ²² |
| 21 | - A physiological incident occurred when a U-2R pilot experienced hot flashes and a tingling of the skin (six hours into a mission) which he interpreted as possible hypoxia. The mission was aborted and a descent began. The symptoms disappeared upon descent. ²³ |
| 28 | - Base officials found a transformer leak in the military family housing area. No PCB contaminants were found and the incident did not require reporting under current environmental or regulatory criteria. ²⁴ |

MARCH

- | | |
|--------|--|
| 1-2 | - Brigadier General Elmer T. Brooks, Assistant Deputy Under-Secretary for Strategic and Theater Nuclear Forces came to Beale. The General spoke at a Black Heritage Dinner. ²⁵ |
| 4-5 | - Wing Officials conducted a major accident response exercise (MARE) in conjunction with a local Short Sprint Exercise. Overall rating for the MARE - Satisfactory. All other major areas of the Short Sprint were rated satisfactory with the exception of aircraft generation (Outstanding) and personnel recall (Marginal). ²⁶ |
| 11 | - Beale Served as a staging area for an operation known as Coronet West Voodoo. ²⁷ |
| 15-16- | Vice Admiral Huntington Hardesty, United States Navy, received an orientation on 9SRW reconnaissance activities. ²⁸ |

CHRONOLOGY

MARCH

- | <u>DATE</u> | <u>EVENT</u> |
|-------------|--|
| 20-25 | - Inspectors from the SAC Chief of Security Police Office performed a Wing Security Evaluation (WSE). Overall rating - Excellent. ²⁹ |
| 25 | - Congressman Anthony C. Beilenson, Democratic Representative of California, toured Beale. ³⁰ |
| 29-1Apr | - Congressman Robert Stump, Republican from Arizona, visited Beale and received an orientation flight in an SR-71 aircraft. ³¹ |
| 31 | - Contracting finished five facility projects totalling \$1,145,390. Work continued on 14 additional contracts, with four listed between 96 - 99 percent complete. ³² |

APRIL

- | | |
|-------|---|
| 1 | - Colonel John Fuller assumed duty as Deputy Commander for Maintenance; and Colonel John A. Anderson became the new Hospital Commander. ³³ |
| 11 | - A KC-135Q experienced a bird strike approximately three miles out on final approach to Beale. The damage was confined to the number two engine ring cowling which suffered a three to four inch dent. ³⁴ |
| 22 | - Major J.C. Ripko assumed command of the 9th Combat Support Group Headquarters Squadron Section. ³⁵ |
| 24-25 | - Members of the wing participated in a contingency exercise. All aspects of the SAC operational plan 1003-81 were evaluated, along with the response to a simulated nuclear disaster. Basically, the exercise tested the readiness status and evaluated the contingency capability of the wing. Overall wing personnel demonstrated an excellent capability to complete required actions under the operational plan. ³⁶ |
| 24 | - The Environmental Protection Agency (EPA) conducted an inspection of base facilities. The agency was generally pleased with base efforts in managing hazardous waste at Beale. The most significant problem was the absence of monitoring wells in the photowaste sludge ponds. ³⁷ |
| 25-26 | - Mr. Martin Hurwitz, Director of General Defense Intelligence Program visited Beale AFB. ³⁸ |

CHRONOLOGY

APRIL

- | <u>DATE</u> | <u>EVENT</u> |
|-------------|---|
| 29 | - A Beale T-38 jet experienced a bird strike while flying transition sorties in the McClellan AFB traffic pattern. During a touch-and-go landing the number two engine compressor stalled and the planned take-off was aborted. An inspection revealed the number two engine was damaged beyond local ₃₉ repair. Blood stains were found on the inlet guide vanes. |
| -- | - Officials at Detachment 1 solicited bids for a contract to modify the electrical power distribution system in the hangars. Construction was projected to start in late June or early July. ₄₀ |

MAY

- | | |
|-----|---|
| 3-4 | - Lieutenant General Williams, Director of the Defense Intelligence Agency toured facilities of the 9th SRW. ₄₁ |
| 8-9 | - General John Vessey, Jr. ₄₂ Chairman of the Joint Chiefs of Staff visited Beale AFB. |
| 13 | - The new Child Development Center ₄₃ officially opened its doors with a capacity of 118. |
| 17 | - The 9th SRW maintenance complex received the Pratt and Whitney Award during ceremonies at the Blackbird Reunion in Reno, Nevada. The award honors units that have made a significant contribution to the SR-71 and U-2/TR-1 maintenance and Logistics programs. ₄₄ |
| 20 | - While returning from a night operational sortie at an overseas detachment, and SR-71 crew allowed their airspeed to bleed off during the descent until both engines flamed-out. The engines re-started and the aircraft made an uneventful landing. ₄₅ |
| 22 | - The 9th SRW/CVI conducted an exercise which simulated the crash of a KC-135Q tanker. Officials graded the exercise as satisfactory. ₄₆ |
| 27 | - Colonel David H. Pinsky, 9th SRW Commander, presided over ₄₇ ceremonies which renamed 6th Street Gavin Mandery Drive. |
| 31 | - Colonel Gerald West replaced Colonel Adolphus Bledsne as 9th SRW Deputy Commander for Operations ₄₈ Colonel Bledsne retired from active duty on this date. |

CHRONOLOGY (Cont)

MAY

- | <u>DATE</u> | <u>EVENT</u> |
|-------------|--|
| --- | - Military Family Housing (MFH) Contract bids opened in May with the low bid going to Allied Painting and Decorating of Denver, Colorado. The new contract, scheduled to go into effect 1 July, contained an additional provision for repairing dry rot. An on-going survey of Capehart housing for dry rot indicated that approximately fifty percent of the houses surveyed had been affected. ⁴⁹ |
| --- | - The Wing received its first Fuel Savings Advisory/Cockpit Avionics System (FSA/CSA) modified aircraft in late May. The second aircraft was picked up in late June. ⁵⁰ |
| --- | - The KC-135Q aircraft finished the month of May with a 68 percent fully mission capable rate, the second highest in two years. ⁵¹ |

JUNE

- | | |
|-------|---|
| 1 | - The Commander of Detachment 3 accepted the new administrative building. ⁵² |
| 2-8 | - A nine-man team conducted a SAC Site survey at Detachment 1. The purpose of the survey was to plan adequate facilities to house and operated the SR-71 ASARS-1 Intelligence Ground Support Segment (GSS) at the Detachment. Additional space was provided for van additions and ASARS-1 sensor planning. The resulting plan provided for building a Sensitive Compartmented Information Facility (SCIF) and a butler building to house Mobile Processing Center (MPC) vans. ⁵³ |
| 4 | - All four wells at the photo waste plant were installed in May and the first set of samples were collected on 4 June. There were no signs of contamination during well drilling, but environmental engineering could not be sure until the sample results were received. Monitoring also continued on the wells for the sludge ponds. Initial samples indicated no contamination present in the groundwater. ⁵⁴ |
| 12-19 | - The 9th SRW participated in Global Shield '85. This Joint Chiefs of Staff directed exercise tested the readiness of the Strategic Air Command. ⁵⁵ |
| 17 | - The Wing held its third MARE of the quarter. Base units responded to a simulated weapons handling accident. Evaluators rated the exercise as satisfactory. ⁵⁶ |

CHRONOLOGY (Cont)

JUNE

<u>DATE</u>	<u>EVENT</u>
19	- Mr. John McMahon, Deputy Director of the Central Intelligence Agency visited the 9th SRW. At Beale Mr. McMahon received an orientation flight in a TR-1B reconnaissance trainer. ⁵⁷
21	- Lieutenant Colonel George R. Hindmarsh took command of the 350th Air Refueling Squadron. He replaced Lieutenant Colonel William P. Cobb, who went to Headquarters SAC, Offutt AFB, Nebraska. ⁵⁸
30	- The average occupancy rate for military family housing increased from 97.8 to 98.9 percent due to reduced turn-around time and fewer vacant units. Repair of dry rot continued as the primary reason for placing units on the inactive list. ⁵⁹
30	- The U-2 and TR-1 mission capable pilot manning reached the 25 man minimum required level. Manning was expected to increase by late summer as students graduated. ⁶⁰
30	- Base contractors had completed eleven construction projects at Beale totalling \$6,112,856. ⁶¹
---	- Workers finished the operations Building Rehabilitation Project at Detachment 1. Transition to the new facility was completed without incident. ⁶²
---	- A KY-8 Secure Ground System was installed at Detachment 5; however, problems with the equipment precluded acceptance. ⁶³

JULY

1	- A new contractor assumed responsibility for maintenance of military family housing. ⁶⁴
3	- Lieutenant Colonel Jimmy L. McLean assumed command of 9SRW Detachment 2; and Lieutenant Colonel John F. Swanson took command of 9SRW Detachment 3. ⁶⁵
8-10	- General Bennie L. Davis, Commander-in-Chief of SAC (CINCSAC) visited 9SRW Detachment 1. ⁶⁶
11	- General Bennie L. Davis, CINCSAC; Major General Robert D. Beckel, Hq SAC/DO; Major General John J. Dornan Jr., Hq SAC/LG; Brigadier General Keith E. Nelson, Hq SAC/JA; and CMSGT Jan C. Boyd, SAC Senior Enlisted Advisor, visited 9SRW Detachment 2. ⁶⁷

CHRONOLOGY (Cont)

JULY

<u>DATE</u>	<u>EVENT</u>
11-18	- Headquarters Fifteenth Air Force conducted a Staff Assistance Visit for 9SRW Detachment 1. Overall results - Satisfactory. ⁶⁸
12	- Captain Frank B. Richardson assumed command of the 1883 ISS. ⁶⁹
15	- Colonel James E. Wilson assumed command of the 9th Combat Support Group. ⁷⁰
15-25	- Aircrews from the wing were inspected by the 1st Combat Evaluation Group (CEVG). Based on the ratings of aircrew performance and programs and aircrew mission effectiveness, the wing received an overall unit rating of excellent. ⁷¹
16	- Contractors finished the Phase II refurbishment of the operations building at 9SRW Detachment 1. ⁷²
17	- The wing conducted a major accident response exercise (MARE). Overall rating - Marginal. ⁷³
26	- The new Lockheed Gate (main flightline entrance) officially opened. ⁷⁴
26	- Brigadier General Henry Vicellia, Vice Commander, San Antonio Logistics Center, visited Beale. ⁷⁵
30	- Colonel Royce C. Mathews, former Commander of the 9th Combat Support Group, retired from active duty. ⁷⁶

AUGUST

--	- The 9th SRW Safety Office received the Award of Merit for 1984 from the National Safety Council. ⁷⁷
2	- Lieutenant Colonel Joseph C. Kinego replaced Lieutenant Colonel Alan B. Cirino as Commander of the 1st SRS. ⁷⁸
7	- The Commander of 9SRW Detachment 4 formally accepted the new consolidated maintenance facility from the contractor. ⁷⁹
15	- The wing conducted the second MARE of the quarter. Overall rating - satisfactory. ⁸⁰
20-21	- Brigadier General Richard L. Stoner, Hq USAF, Director of Maintenance and Supply, visited Beale. He briefed wing agencies on the Air Force Combat Ammunition Center. ⁸¹

CHRONOLOGY (Cont)

AUGUST

- | <u>DATE</u> | <u>EVENT</u> |
|-------------|--|
| 23 | - The 9th SRW Fuels Branch received an award for "Best Fuels Branch in SAC." ⁸² |
| 23 | - Major General Richard T. Trundy and Brigadier General David S. Watrous, Hq PACAF, Operations Division, visited 9SRW Detachment 1. ⁸³ |
| 27 | - General Keitaro Watanabe, Chairman of the JCS, JASSF; Lieutenant General Edward L. Tixier, USFJ, 15AF/CC; Major General John Phillips, USFJ/COFS; and Brigadier General Donald Snyder, 313 AD/CC, visited 9SRW Detachment 1. ⁸⁴ |
| 27 | - A KC-135A jet tanker from the 93rd Bomb Wing, Castle AFB, California, crashed at Beale AFB. ⁸⁵ |
| 28-30 | - Brigadier General Anthony J. Farrington, Commander, Logistics Operations Center, Air Force Logistics Command (AFLC) briefed the wing staff on Beale's support for the Air Force Combat Ammunition Center. ⁸⁶ |
| 29 | - Major General Perrots, Director of the Defense Intelligence Agency (DIA), visited 9SRW Detachment 5. ⁸⁷ |

SEPTEMBER

- | | |
|------|--|
| 6 | - Brigadier General David C. Morehouse, SAC Judge Advocate, visited Beale. He observed the on-base legal operations. ⁸⁸ |
| 7 | - Beale held its annual Guest Day. ⁸⁹ |
| 8-15 | - The Headquarters SAC Maintenance Standardization and Evaluation Team (MSET) conducted an inspection of the 9th SRW Maintenance complex. The team completed 422 personnel evaluations, 474 technical inspections and checked the quality assurance program. Overall rating - Excellent. ⁹⁰ |
| 18 | - Majors Donald D. Tabor and Robert F. Behler, of the 1st SRS, received the Jerome F. O'Malley award. This award recognized the best reconnaissance crew in the Air Force. ⁹¹ |

SEPTEMBER (Cont)

- 19-21 - Mr. Ernest K. Gann, a well known aviation writer, visited Beale. He received a TR-1B orientation flight and served as guest speaker at the wing's dining-in ceremony.⁹²
- 20 - The 9th SRW conducted the third Major Accident Response Exercise (MARE) for the quarter. Overall rating - Satisfactory.⁹³
- 21 - The wing held its annual dining-in ceremony.⁹⁴
- 30 - Contractors completed nine repair and construction projects totalling \$1,258,985. Five additional projects continued in various stages of completion.⁹⁵

OCTOBER

- 2-5 - Beale AFB tankers flew refueling support for the quarter's first BUSINESS EFFORT 86-1 missions.⁹⁶
- 9-11 - An augmented force of two KC-135Q from the 9SRW and seven KC-135As from Eighth Air Force units, all operating from Beale AFB, participate in a USCENTAF exercise (QUICK FORCE 86-1).⁹⁷
- 10-11 - Lieutenant General James E. Light Jr., Fifteenth Air Force Commander, visited Beale AFB. During his visit he presented the 9th Supply Squadron with an award for "Best Fuels Management Branch in SAC."⁹⁸
- 11 - A Beale assigned T-38 suffered a flameout on the number one engine during a routine training mission. The crew was able to restart the engine, diverted to March AFB and landed without further incident.⁹⁹
- 16-17 - Beale AFB along with Mather AFB, McClellan AFB, Lincoln Communications Site, Lincoln Fire and Police Departments, Placer County Sheriff and Coroner and the California Highway Patrol conducted an exercise of the Regional Response Force. The simulation was a T-37 and C-141 mid-air collision and involved nuclear material. Exercise was rated SATISFACTORY.¹⁰⁰
- 21-25 - Fifteenth Air Force Staff Assistance (SAV) team visits Beale AFB. According to Colonel David H. Pinsky, 9SRW Commander, "overall, they judged the 'health' and morale of the wing (to be) very good."¹⁰¹

OCTOBER (CONT)

<u>DATE</u>	<u>EVENT</u>
-------------	--------------

- | | |
|----|--|
| 22 | - A maintenance worker discovered FOD damage to the first three states of the N1 compressor rotor and stator blades on an engine of a 9SRW KC-135Q. ¹⁰² |
| 31 | - The Miller Lake Dam repair project was completed at a cost of \$3,450. ¹⁰³ Miller Lake is one of five lakes located on the base. |

NOVEMBER

- | | |
|-------|---|
| 6-7 | - The wing conducted the quarterly Senior Staff Orientation Course which is designed to give attendees a better understanding of the SR-71 and U-2/TR-1 reconnaissance programs. ¹⁰⁴ |
| 7 | - A single KC-135Q from the 9 SRW refueled an F-4 and F-15 in support of a DOD anti-satellite (ASAT) test. ¹⁰⁵ |
| 8 | - A T-38 assigned to Beale AFB sustained extensive FOD damage (more than \$26,000) when a "pip pin" worked loose from an Inlet Guide Vane inspection panel and was sucked into the engine. ¹⁰⁶ |
| 18-21 | - A United States Air Force Civil Engineering and Services Management Team (CESMET) conducted an inspection of the 9th Civil Engineering and 9th Services Squadrons. Overall evaluation of base programs was EXCELLENT. ¹⁰⁷ |
| 25-26 | - An evaluation (SHORT SPRINT) of the Battle Staff and Base Fire Department was rated Satisfactory. The exercise was conducted to determine agency response to a large, fast moving grass fire which, during the simulation threatened the fuel storage area, flightline, PAVE PAWS and military family housing. ¹⁰⁸ |
| 30 | - A new softball complex with two fields was completed near the intersection of C Street and Doolittle Drive. Cost was \$252,484. ¹⁰⁹ |

DECEMBER

- | | |
|-----|--|
| 2-5 | - 9th SRW tankers and crews participated in their second BUSINESS EFFORT 86-1 mission of the quarter. ¹¹⁰ |
|-----|--|

DECEMBER (Cont)

<u>DATE</u>	<u>EVENT</u>
13	- SMSgt James D. Thompson, 9 AMS was selected as the 14th Air Division First Sergeant of the Year. ¹¹¹
14-29	- All Beale flying operations were suspended due to extremely dense fog throughout the Sacramento Valley. A total of 200 sorties were cancelled during this period. ¹¹²
17	- A Major Accident Response Exercise (MARE) was conducted simulating an attack by terrorists. The group penetrated the base with a make-shift nuclear device and took hostages. Negotiations failed and response forces had to deal with a high explosive detonation which destroyed two jet fuel storage tanks (simulated). Overall rating was SATISFACTORY. ¹¹³
